t.me/near_anyone · SE Asia (GMT+7)

Product designer with 9 years of experience building design systems, improving UX in CRMs, and crafting visual ecosystems for SaaS products across fintech, edtech and affiliate marketing.

EXPERIENCE

Senior Product Designer — 01.tech Jun 2025 – May 2026
— Designed product features end-to-end — from discovery and user flows to Figma specs and developer handoff
— Contributed to and maintained the internal design system, ensuring consistency across [X] product surfaces
— Partnered with PMs and engineers in iterative sprint cycles to ship user-centered fintech features
— Conducted design reviews and established documentation standards to streamline cross-team collaboration

Lead Product Designer — IREV Oct 2019 – Jun 2024
— Built a unified design system of 150+ components across 3 internal CRM products, reducing design-to-dev handoff time
— Analyzed user behavior and identified key friction points, driving measurable improvements in task completion across core workflows
— Led a team of [X] designers, introduced agile design rituals that improved delivery cadence and team alignment
— Partnered with engineering to establish a token-based component library, cutting UI inconsistencies across product lines
— Owned design communication with stakeholders — presented design strategy, ran design reviews, maintained documentation

UX/UI Designer, Product Designer — qmobi Aug 2017 – Apr 2018
Development of CMS product concepts and company product interfaces.
— Designed a CMS product for Facebook to streamline asset management for advertising creatives
— Implemented features for creative assembly and moderation to enhance workflow efficiency

UX/UI Designer — QIWI Ltd Feb 2017 – Apr 2017
— Developed and tested interface concepts to improve usability and design, implementing successful solutions into production
— Designed application concepts for A/B testing to optimize online banking patterns

UI Designer — Optionlift Aug 2016 – Apr 2017
— Designed and developed corporate websites for broker brands, including custom branding and logo creation
— Created a CRM system for managing trading platforms, focusing on usability and efficiency

UX/UI Designer — Goodwork May 2014 – Apr 2015
— Created logos, brand identities, landing pages, and website redesigns for local businesses, including Gazprom's regional office
— Prototyped interfaces and workflows in Axure to ensure usability and functionality

Graphic / Print Designer — inogroup Nov 2011 – Feb 2012
— Designed flyers, banners, calendars, business cards, and other promotional materials aligned with corporate identity standards
